

ISPA Dual Enrollment Orientation

2024-2025

What is Dual Enrollment?

Dual enrollment is a program that allows students currently attending Miami Dade County public schools, participating private and charter schools, or home school, to simultaneously enroll in college courses. The credits that students earn at MDC count toward high school graduation and can also be applied to a college degree or certificate.

What are the Benefits of Dual Enrollment?

- It saves you and your parents money because dual enrollment students are exempt from paying tuition, fees, and books
- It will take you less time to attain a college degree or certificate because you will get credits that are transferrable to a college or university
- Enrolling at MDC gives outstanding high school and middle school students a wider range of courses to choose from

Dual Enrollment Logistics @ ISPA

- Students must commit to Dual Enrollment the entire school year.
- If you are taking Dual Enrollment Period 7 & 8 you must take two classes per semester.
- Dual Enrollment students must leave ISPA @ 12:45 p.m. regardless of when, where, or how you are taking the class. There is no teacher or classroom available at ISPA for DE students.
- If you are considering applying to the MDC Honors program senior year, please do not take more than 12 DE credits. Each college class is usually 3 credits.
- It is the students' responsibility to request transcripts from MDC. ISPA does not have access to MDC transcripts.
- ALL communication regarding DE will be posted on the DE Schoology page.
- If you decide that you do not want to commit to DE for the 2024-2025, please email Ms. Dominguez: i.dominguez@dadeschools.net by May 6, 2024. **Please include your full name and student ID#**

Dual Enrollment Eligibility

A minimum 3.0 high school unweighted grade point average (GPA).

Passed the appropriate Reading and Writing sections of the College's Basic Skills Assessment placement test (ACCUPLACER)
OR submitted adequate PSAT/SAT/ACT scores.

Permission from the parent/guardian, school principal and counselor.

An understanding that the amount of work necessary to succeed in dual enrollment courses will be greater than in high school courses.

Students are responsible for providing their own transportation to the College.

Students participating in dual enrollment must earn a grade of "C" or higher in their college-level courses and maintain a 3.0 GPA in high school to continue participation. Students whose College GPA falls below 2.0 are ineligible to continue dual enrollment. Students who receive an NC in more than 1 class will not be able to continue taking DE classes.
